

Certification of Wall-Holla products from Lappset

The following products are designed with safety requirements from EN 1176 in mind. Safety wise they are similar to existing certified Wall-Holla products. Certification of these products will be finalized once the first item is manufacturer and prior to delivery.

- 400107G 7 modules with a football goal
- 400109G 9 modules with a football goal
- 400110G 10 modules with a football goal
- 400111G 11 modules with a football goal
- 400113G 13 modules with a football goal
- 400114G 14 modules with a football goal

I hereby sincerely assure that Lappset, after gathering all available information, considers these products safe for playing on unsupervised public playgrounds and certificates, once they are received, will be delivered without delays.

Yours

, Rovaniemi 8.12.2014
